

Microsoft Official Distance Learning

This exciting new learning platform blends online classroom training, live discussion, real-world-based scenarios, and self-directed study into one rich and easy-to-use educational experience—delivered right to your desktop. Microsoft Official Distance Learning (MODL) courses use a proven instructional methodology that attracts professionals who want the interactivity of the classroom and the flexibility of an online course. MODL courses are offered exclusively by authorized Microsoft Certified Partners for Learning Solutions, so you can be confident that you are being supported by a qualified organization that meets strict requirements to provide a valuable distance learning experience.
